Notice of Start of Construction Activities for the Quantum Clean Energy Project

February 5, 2025

Dear Neighbor,

We are writing to let you know that Intersect Power, a clean energy company, is preparing to begin construction on the Quantum Clean Energy Project (Quantum I and II). Construction is scheduled to start in the next couple of weeks and will continue through late spring 2026. We want to be sure you have clear information about the project and know how to reach us if you have any questions.

The Quantum Clean Energy Project includes a solar photovoltaic facility and a battery energy storage system at each site. The project is expected to generate 640 MWac of solar power and includes 640 MW of battery storage. Two attached maps show the project locations; one shows both sites, and the other is of Quantum II, the site nearest your home.

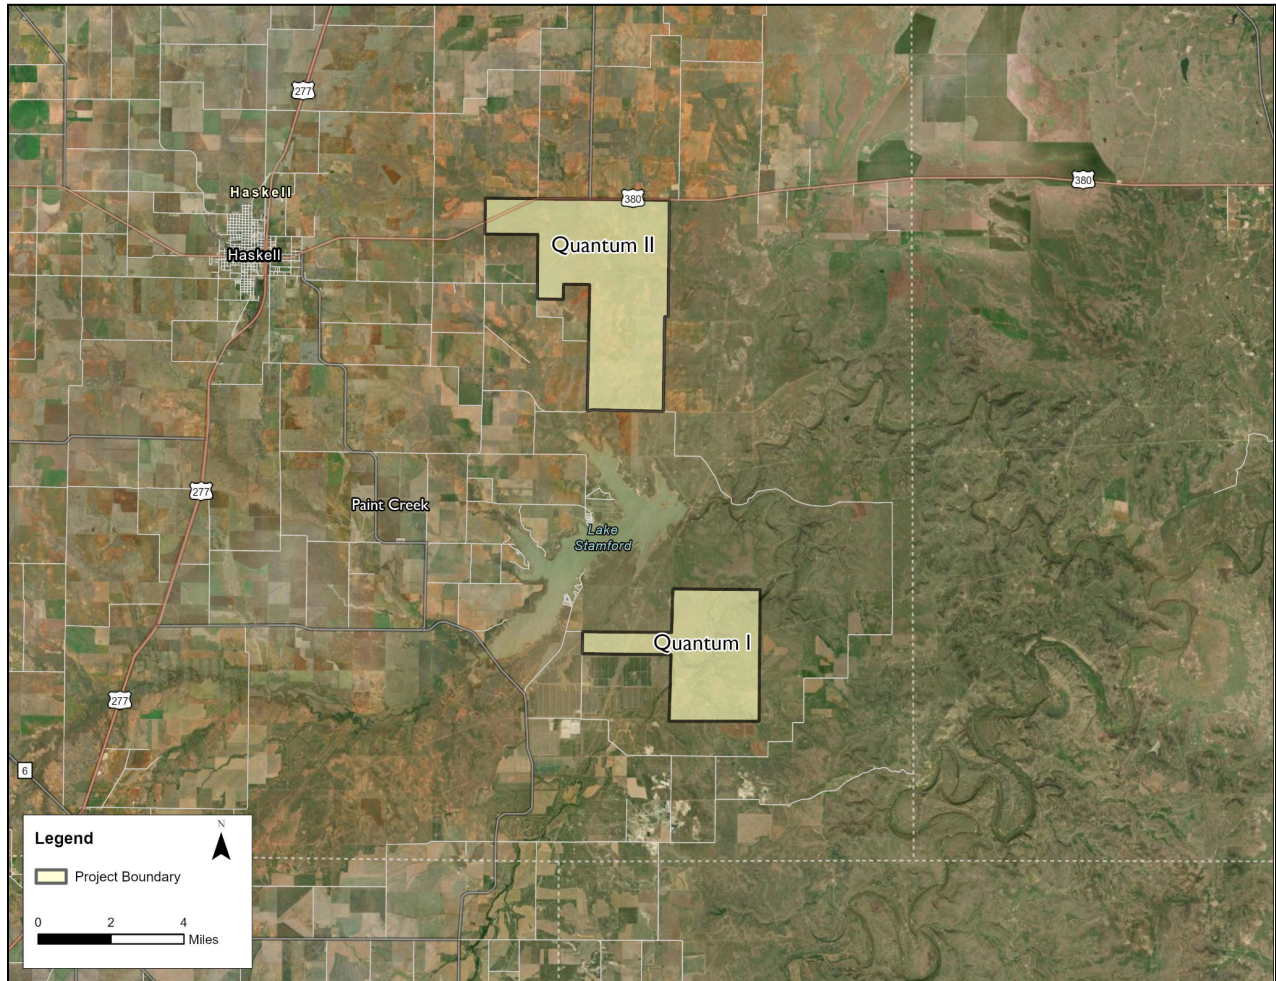

If you have any questions regarding the project or upcoming construction activities, please contact the Intersect Power Community Engagement Team directly at 1-888-556-4009 or by email at community@intersectpower.com.

We look forward to connecting with you.

Sincerely,

Shaye Marshall
